DEKTON

STYLES & COLORS

Dekton is highly resistant to ultraviolet (UV) rays and has superior color fastness so it doesn't fade over time, making it the perfect choice for both interior and exterior applications.

- **WALLS:** 5' x 10'
- **FLOOR:** 56" X 28"
- **DECKING:** 56" X 28"
- **COUNTERTOPS:** 1.2CM

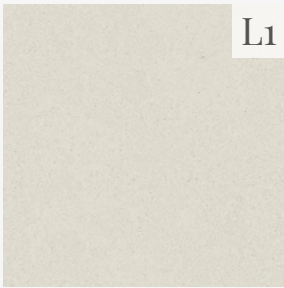

WITH MITERED EDGE

MC SURFACES

DEKTON

STYLES & COLORS

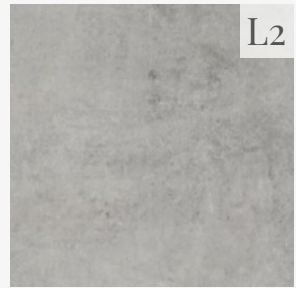

Dekton® is even more resistant to abrasion than granite, which makes it the ideal surface for commercial applications and high-traffic areas such as flooring and facades. While other surfaces will show the effects of wear and tear over time, Dekton's finish will last for the entire life of the product and will never need to be replaced or retouched.

EXTERIOR POOL DECKING
GRIP+

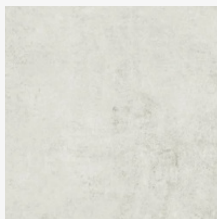

Grip+ is an advanced, innovative treatment that guarantees slip-resistance on Dekton® ultra-compact surfaces, providing maximum safety and a smoothness similar to the material's standard finishing.

GRIP+

Allows Dekton® to position itself as the best product for anti-slip applications on the most demanding flooring, whether located inside or outdoors.
